Scholars Competition
For Years 5 and 6

Why do people have different tastes in music?
Should we always follow rules and laws?
How long has the universe existed?

Have you ever wondered something that didn't have a straightforward answer? The Scholars Competition is all about finding out more about a topic of your choice and writing at least one page about it.

The Prize: An all-expenses paid for trip for you and one adult to the University of Cambridge!

Find out more at: http://bit.ly/CamExplorers2017 or pick up an information pack from your teachers today.

One of last year’s winners says: “I loved the winner’s day! It was amazing! I recommend that everyone does the research because the prize is fantastic. It has given me more independence and confidence.”
